

Eyecare Vouchers by Specsavers

Protect and care for your employees' eyesight the easy way

Specsavers

What do I have to do?

Once you have given us the green light - we'll take of everything from the implementation and the ongoing management of the benefit.

You don't have to do anything!

What will it cost my company?

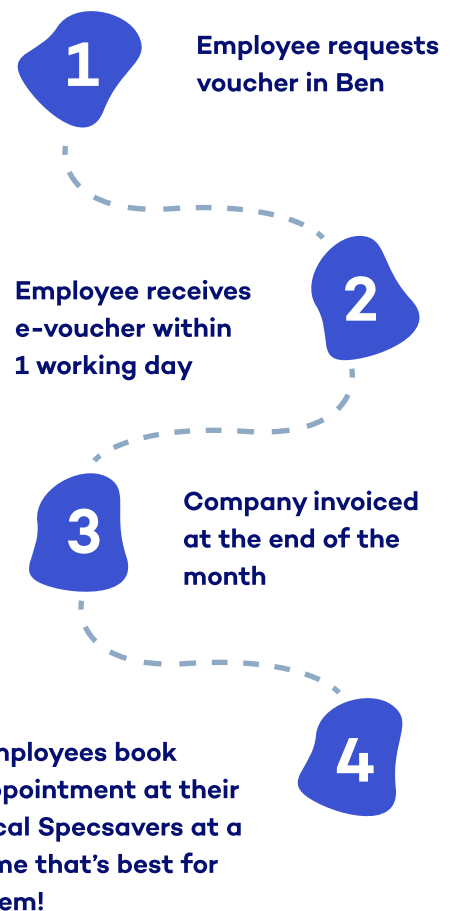

Every month you will receive an invoice for any vouchers ordered throughout the month. We'll just add the cost to your regular invoice - it's as simple as that!

Eligibility is set to one voucher per year.

We can set up reporting your Ben account to track usage too!

Pricing starts from £17 per voucher
